

Flip Overview

Camera will charge up to 6 hours, will operate for up to 3 hours, and will record up to one hour

How to download FlipShare software

1. Plug in camera to USB.
2. When FlipCam is plugged in to USB, the software may automatically launch. Close it.
3. A window should open with several options. Select "Open Folder to View Files" Æ Select "Setup_Flipshare"

{If no window appears in a few moments, be sure the camera is plugged in Click "Start on Computer" Æ "FlipVideo" Æ Select "Setup_Flipshare"}

4. Click off on License Agreement, then Click "Install"

You should now have the FlipShare icon on the desktop

How to move video file from camera to desktop

1. Create folder on desktop called "session"
2. Plug in FlipCam
3. A window should open with several options. Select "Open Folder to View Files" Æ DCIM Æ 100Video Æ VID000X
4. Click and drag that VID000X file to "session" folder. It would be a good idea to change the name of the file into something useful, such as your last name.
5. E
